

Creating an environment of excellence through door to door logistics

Sea Express America Corporation, dba SEACORP, is an international freight and logistics company with tailored solutions. Established in 1998, SEACORP understands the importance of on-time delivery and has a proven track record handling time sensitive, high-valued, government cargo. We have a strong global network and infrastructure servicing 190 countries door to door. Consider SEACORP your one-stop shop for all logistics and transportation needs. Our mission is to build long-term, mutually profitable partnerships by exceeding expectations and creating an environment of excellence.
